

Sequencing and Oligo Synthesis Departments Only Partially Operational During the Christmas Holidays

Dear Valued Customer

We would like to inform you that our Sanger sequencing (including DNA sample collection service) and DNA/RNA oligonucleotide synthesis departments will be closed during the Christmas holidays. Our offices and laboratories will resume normal operation from 2 January 2025 on.

When planning your work, please consider the following working hours at our Sequencing and Oligo Synthesis departments.

Sequencing Department/Pick-up Service:

- Regular sample pick-up until 23 December 2024* with delivery of results for our Economy Run service in the morning of 24 December 2024**.
- Regular sample collection and sequencing will start from 2 January 2025.

*Budapest, Innsbruck, Szeged: 20 December 2024

** samples requiring purifications need to be available in the morning of 23 December.

Oligo Synthesis Department:

- Regular production and shipment of oligos until 23 December 2024.
- Regular production of oligos from 2 January 2025 and shipping from 3 January 2025.

If you have any questions, please call us at +41-71-722 83 33 or send an email to info@microsynth.ch.

We wish you a Merry Christmas and a healthy holiday season.

Your Microsynth Team
