

# 16S Sequencing Spring Promo

**Seize the opportunity and test our 16S/ITS sequencing service at a great discount as part of our spring promotion.**

Starting prices (at 8 samples), lower at higher numbers:

Promo Package	Price
60k Reads (30k Read Pairs) - Either V4, V34 or ITS2 Region	45 EUR
DNA Isolation from feces (optional)	19 EUR
Bioinformatics (optional)	11 EUR

- You send us  $\geq 8$  samples until end of June 2023.
- The service must include at least library preparation and sequencing. DNA isolation from feces and bioinformatics can be offered additionally.
- Approach your sales manager or [ngs.contact@microsynth.ch](mailto:ngs.contact@microsynth.ch) to get a customized quotation by using the code „16S/ITS Promo\_2023“.
